

A healthy FUNdraiser

Pocket Money Beans!

The student council is running a healthy fundraiser

We are selling packets of special Pocket Money Beans for \$2.00 each.

The idea is for you to create a small vegie garden at home and plant the beans. When they are ready to pick, you **sell** the beans you grow to Mum and Dad to earn some **pocket money**.

We think it is a win-win. You get pocket money, Mum and Dad get fresh vegies from the backyard and everyone gets to eat healthy food.

This healthy FUNdraiser is an initiative of your Student Council and In My BackYard (www.imby.org.au).
